

Galvanized Ground Rods

The Power Line Hardware galvanized standard ground rod has a core of AISI 1010-1020 hot rolled carbon steel. Our ground rod is cone pointed and chamfered on the end to reduce "mushrooming" during hammer driven installation. Hot dip galvanized to meet ASTM A 153 specifications to provide an economical and long lasting electrode for use in the electrical, telephone and utility market.

Catalog #	Rod Diameter (Inches x Length/Ft)	Approx. Ship Wt. (Per 100 pcs)	Std. Pkg. Qty.
